

For 2 players
Ages 6 and up

Quickshot Rules

OBJECT:

Be the first player to hit all three of your opponent's Omnitrix pieces out of the game base OR hit all five of their aliens out.

CONTENTS:

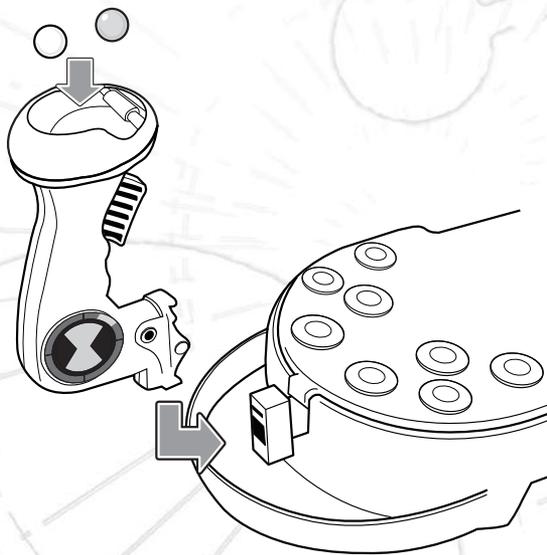

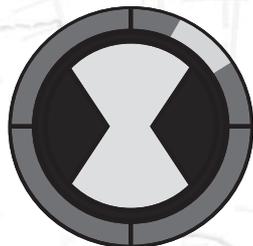

Game base, 32 marbles, 2 shooters, 10 character pieces, 6 Omnitrix pieces, 16 stands.

SET UP:

As shown in the illustration, press the two shooters into place on the sides of the game base until the center posts of the shooter snap into the holes of the part that's already connected to the base.

Each player takes a matching set of 8 stands (blue or green) and 3 Omnitrix pieces. Each player inserts their three Omnitrix pieces into three stands. The youngest player now chooses any one of the 10 aliens to be on his side and places it into a stand. The other player now chooses from the 9 remaining aliens and so on until each player has 5 aliens and 3 Omnitrix pieces in their color stands. Place your 8 game pieces in any of the 8 holes on your side of the game base. The posts of the bases should hang under the clear top of the game.

Divide the marbles between the two players; you can mix the colors or not because the colors don't affect game play. Each player places as many marbles as they can into the top of their shooter and puts the remaining marbles in the holding area under the shooter.

PLAYING:

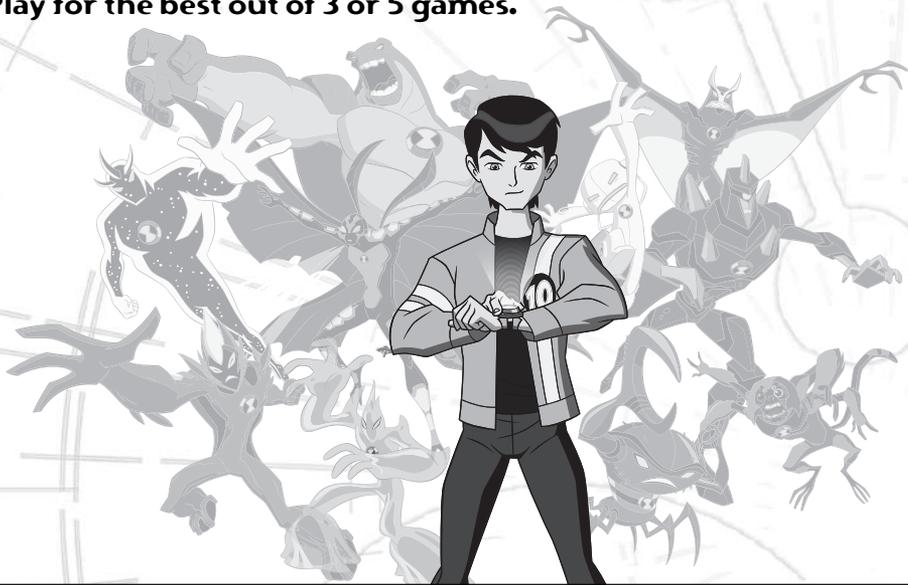

At the count of 1-2-3 both players start shooting by pressing their trigger. The shooter also moves left and right so that you can aim for specific pieces.

ENDING AND WINNING THE GAME:

Keep shooting, using any marbles that end up in your holding area until either one player's 3 Omnitrix pieces or 5 aliens have all been hit out of the game.

TOURNAMENT PLAY:

Play for the best out of 3 or 5 games.
