

For ages 4 and up

on safari

Three jungle friends to make and play!

Instructions

WARNING: Small Chenille strips contain sharp points. Use ONLY under adult supervision.

a **fun** with Chimp and **learn** with Zee craft

There are three animals for you to make for your Safari Park - using the chenille strips and stickers supplied. There is also a feeding trough and a palm tree to make. If you want to color your own animals and backgrounds, do this first. (Crayons not included.) Turn the pieces over to see the pictures in black and white. There are also some blank sheets for your own designs.

Instructions

First ask an adult to help you cut the black chenille strip in half, one of the green chenille strips in half and one green chenille strip into four equal pieces. Now you are ready to start!

Lion

You will need one piece of black chenille strip, the two yellow chenille strips and some eye stickers.

Tail - Use one of the pieces of black chenille strip and thread it through the hole at the tail end of the lion's body, leaving two even lengths (see pic 1).

Then twist the two lengths round each other (see pic 2). Fold the ends over at the end of the tail. Bend the tail to make the shape you want.

Legs - Take a yellow chenille strip and thread it through the hole at the front of the body. Then loop one end over and thread it through the hole again (see pic 3).

Pull tight. Fold one strip over and twist the lengths round each other (see pic 4). Repeat with the other leg.

You can make legs shorter by twisting more. Turn the ends up to make feet, and bend the legs to any shape you want.

Repeat this to make the back legs.

Then add some funny eyes and your lion is done!

Giraffe

You will need orange chenille strip and a tail exactly the same as the lion's and twist the ends at the front end.

Then add some eyes.

Crocodile

You will need a piece of black chenille strip and some eye stickers.

Take a piece of black chenille strip and thread it through the front hole of the crocodile's body. Bend the chenille strip over and thread it through the hole again. Bend the ends up to make feet (no need to twist). Repeat for the other leg with longer strips.

Repeat for the back legs.

Then add some eyes.

Feeding Trough

You will need a piece of black chenille strip.

If you want to make a trough for the lion.

Take a piece of black chenille strip and thread it through the holes in the trough (see pic 5). Turn the ends up to make feet (see pic 5). Turn the ends up to make feet (see pic 5). Turn the corner edges up to make feet.

Repeat for the other leg.

Your trough is done!

Three jungle friends to make

chenille
ee to make.
ayons not
ere are also

e green
Now you

rips and

Giraffe

You will need one piece of black chenille strip, the two orange chenille strips and some eye stickers. Make the tail exactly the same as for the lion. Make the legs the same as the lion but using the orange chenille strips, and twist the back legs more so they are shorter than the front ones.

Then add some funny eyes and your giraffe is done too!

Crocodile

You will need the two longer pieces of green chenille strip and some eye stickers.

Take a piece of green chenille strip and thread it through the front hole in the crocodile's body. Then loop one end over and thread it through the hole again. Pull tight. Bend the chenille strip to make long feet and short legs (no need to twist as you needed to do for the animals with longer legs).

Repeat for the back legs.

Then add some funny eyes and your crocodile is done!

Feeding Trough

You will need the four small green pieces of chenille strip.

If you want to color the inside of the trough do this first.

Take a piece of green chenille strip and thread it through the holes in one corner of the trough from the outside (see pic 5). Then twist the two ends inside to keep the corner edges together.

Repeat for the other three corners.

Your trough is done!

e friends to make and play!

Palm tree

You will need the main tree trunk piece and the small base section. Simply slot the base into the trunk and the tree is made!

Stickers

Now use the stickers to decorate whatever you wish.

Display

Open the box and slot the display panel in position as shown on the back of the box.

Put the animals, trough and tree in the front section to display.

Remember you can take the tails and legs off and make the animals again to play and display.
