a **fun** with Chimp and **learn** with Zee game

## Object:

To be the pirate who collects the most gold coins in their treasure chest.

## Contents:

4 treasure chests, 36 gold coins, 4 pesky pirate playing pieces, parrot playing piece, Jolly Roger pirate playing piece, 5 plastic bases for playing pieces, desert island game board (4 sections), spinner

## Set Up:

Put the four pieces of the game board together. Remove and discard the cardboard collar from the spinner. Place a gold coin on each space around the island, leaving the four footprint spaces empty. Pile the remaining gold coins in the middle of the board.

Each player chooses a treasure chest and places it on the "X" in front of them. Choose either the parrot or the Jolly Roger playing piece, put it on a base, and place it in the middle of the board by the pile of gold coins. Now this is the parrot's/Jolly Roger's pile.

Each player chooses a pesky pirate playing piece, puts it into a base and places it on the footprint space in front of them.

## Playing:

Play starts with the youngest player, then goes clockwise around the board.

On your turn, spin the spinner.

- If a player spins a number, they move their playing piece the same amount of spaces around the board. When you land on a gold coin, collect that coin and put it in your treasure chest.
- If a player spins a gold coin they can take a coin from the parrot's/Jolly Roger's pile. If the pile is empty, the player can take a

coin from any space around the board. The player then takes one more turn and spins again.

- If a player spins a parrot/Jolly Roger, the player places the parrot/Jolly Roger piece in front of any other player's treasure chest. The chosen player must put one of their gold coins in the middle pile. The parrot/Jolly Roger is then moved back to the middle of the board next to the pile of gold coins.
- If a space is already occupied, the player must move to the next free space.

## Ending and winning the game:

When all the gold coins on the playing track have been collected, but there are still coins left in the parrot's/Jolly Roger's pile, play continues until a player spins a gold coin on the spinner. That player then takes all of the coins from the parrot's/Jolly Roger's pile and puts them in their treasure chest. This is the end of the game.

Players count up their gold coins; the player with the most is the winner.
