

HAPPY FEET GO FISH

TWO

Game Rules

For 2 to 4 players
Ages 4 and up

Object:

Be the player with the most matching sets of 4 cards each at the end of the game.

Contents:

40 game cards

Set Up:

The oldest player shuffles the cards and, starting with the player to her left, deals out five cards to each player. Place the remaining cards face down on the table to form the draw pile.

Playing:

All players look at their own cards and remove any matching sets of 4 cards they have. Place those sets face up in front of you.

The player to the left of the dealer starts by looking at her hand to see what card she might want to ask for - a card that she already has some matches of is a good place to start. That player asks any other player if they have that card.

For instance, Player A says to Player B, "Please give me all your Mumble cards."

If the player has Mumble cards, he must give

you all of those cards that he has. During the game, whenever a player gives you a card that gives you a matching set of 4 cards, place that set face up in front of you. Plus take an extra turn.

If the player does not have any of the card you asked for, they should tell you to "Go fish".

When that happens, take the top card from the draw pile and then the player to the left now takes their turn. If the card you drew gives you 4 of a kind, lay the set down.

Ending and Winning the Game:

The game ends when either one player has no cards in their hand or when the draw pile is used up. The player with the most sets of 4 cards wins.
