shopping cart dash

Race to fill your shopping cart with lots of goodies!

Rules

a fun with Chimp and learn with Zee game

Object:

Be the first player to pay for and fill their shopping cart with six items (five different food groups and one toy/treat) and leave the store.

Contents:

- Supermarket aisle game board (12 sections)
- Supermarket shelf unit
- 4 shopping carts with plastic bases and moving wheels
- 36 plastic coins
- 6 shopping lists
- 36 item cards (6 for each shopping category)
- Die

Set Up:

1. Assemble the four supermarket aisle tracks and arrange them in a large square with the arrows facing clockwise.
2. Place the food and treat cards on the color-matching supermarket shelves and place the unit in the middle of the tracks.
3. Each player takes a shopping cart to match their starting track border color and puts it at the start of their color track.
4. Each player takes a shopping list and nine coins.

Playing:

1. The youngest player starts, then the game continues clockwise.
2. On your turn, roll the dice and move your cart along your supermarket aisle track.

Color spaces: When a player lands on a color space they pick up the item card they need from the corresponding food group or treat. Example: If you land on a green space take a vegetable. The player puts the card in their shopping cart and puts a coin in the slot to pay. If a player forgets to pay, they have to return the item.

Shopping carts cannot pass over each other. If there is a shopping cart in front of you and you still have spaces left on your move, push that cart along ahead of you.

Spilled water space: If a player lands on a spilled water space they have to return one item to the shelves from their shopping cart. They do not take money back.

Star space: If a player lands on a star space they pick up any two items they need but only pay for one.

3. Play continues clockwise round the four tracks until one player has collected all six items in their shopping cart.

Winning:

The first player to collect all six items from their shopping list and move round the board to the end of their colored track is the winner.
