

For 2 to 6 players
Ages 6 and up

CAT RAT BAT SPLAT

Game Rules

Object:

Be the first player to have no cards left.

Contents:

4 oversized dice, 40 game cards

Set Up:

Mix the cards and deal 6 to each player. Place the rest of the cards in the center of the playing area face UP. This is called the Pile.

Playing:

The oldest player starts by rolling all 4 dice. All players now try to be the first to place a matching card, FACE UP, on top of the Pile. A MATCHING CARD must have AT LEAST the correct total amount and type of images shown on the four dice.

Example 1:

If the four dice show CAT, CAT, SPLAT, BLANK, a matching card must have at least 2 cats and at least 1 splat. Whatever else is on the card doesn't matter.

Example 2:

If the four dice show RAT, RAT, RAT, RAT, a matching card must have at least 4 rats. Whatever else is on the card doesn't matter.

You **MUST** call out **QUICKLY**, without hesitation, all four images that are on the dice/your card at the same time you put the card down. You cannot call out “cat cat... (pause for a few seconds)... rat.”

The winner

The winner of each round is the first player who does all three things:

- places the matching card on the pile
- quickly calls out the right images
- does these things at the same time

This player leaves their winning card on the Pile face up.

The loser/s

Any player who plays an incorrect card, or plays a matching card **BUT** fails to call out what’s on the dice or calls it out incorrectly or too slowly must take back his/her card and also the next card off the top of the Pile as a penalty. This might happen to several players in one round.

Players who place and call a card correctly, but aren’t the first to do so, simply take back their card, with no additional penalty.

If no player has a matching card, or if 4 blank dice are rolled, start another round.

WINNING THE GAME

The first player to get rid of all their cards wins.
