

For 2 to 4 players, ages 4 and up

# NO SPEED LIMIT RULES

**Object:**

Be the first player to play all of your tiles.

**Contents:**

49 tiles

**Set Up:**

Decide whether you will be playing a 9-tile game, a 25-tile game or a 49-tile game.

9 tiles = a two-player beginner game

25 tiles = 2 or 3 player game

49 tiles = 2 to 4 player game

For the full 49-tile game, you will use ALL 49 game tiles and play using the sides that have the red background.

**For the 25-tile game, you will use the 25 tiles that have the green background.**

**For the beginner game you will use the 9 tiles that have the blue background.**

*NOTE: Most of the cards are printed on two sides; look for the side with the color game you want to play.*

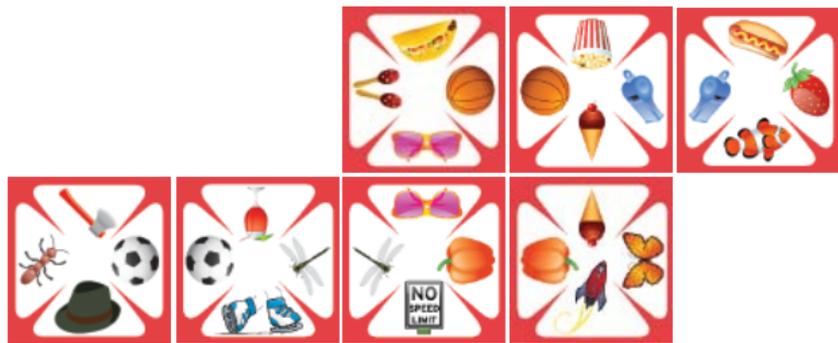

**Mix the tiles with the color you are using face down.**

**Place one tile, face up, in the center of the playing area. The rest of the tiles are divided equally between the players.**

**Playing:**

**The youngest player says; “No Speed Limit” and, at the same time all players turn all their tiles over in front of them.**

As quickly as they can, all players start matching the tiles, picture to picture, to the tile in the center, and then off of other tiles as they are played. Sometimes, you'll have to wait until one of the other players places a tile before you can place another one. But keep looking for opportunities to play your tiles!

**Ending and Winning the Game:**  
The first player to play all of their tiles wins.

We appreciate your comments on this game.
