- Chunky, easy to use pieces.
- Touch and feel pieces.
- Fun ways to play.

tums and tails

Touch and feel animal puzzles!

Our puzzles are great for kids and help them learn through play.

- Animals
- Touch
- Observation
- Co-ordination
- Matching

zee

a **fun** with Chimp and **learn** with Zee puzzle

Hints and tips for fun ways to play

For younger children

- Start off with just one animal at first and slowly work up to the full set as their recognition and matching skills grow.
- Ask them to close their eyes and then touch the textured sections of each puzzle piece.
 TIP: shuffle the textured pieces round and see if they can guess which texture belongs to which animal.

As they grow

- Use each animal in turn and make up a story about the animal, include something about the texture too.
- Slowly introduce an extra animal into the story until the full set of animals (and their textures) is included. TIP: making animal noises as each animal is mentioned is fun for you and your child.
