OBJECT:

each player has had three turns at hein

Have the most chips after each player has had three turns at being the caption rater.

CONTENTS:

75 Domo picture cards, 100 Domo words cards, 25 scoring chips, pad of paper.

SET-UP:

Separately shuffle the Domo picture deck and the Domo words deck and place them in two separate face-down piles in the center of the table. Place the scoring chips near the card piles.

Each player will need a pencil and a piece of paper.

PLAYING:

The youngest player will be the first caption rater and starts by turning over the top picture card and the top word card. Each of the other players secretly writes a caption for the picture using any one of the three words on the word card.

The player to the left of the rater collects all the captions (including his/her own) when everyone's finished writing. This player now reads out loud, in random order, all the captions including his/her own, so that the rater does not know who wrote which one. The rater picks their favorite caption, and the player who wrote it gets one scoring chip.

The player to the left of the rater now becomes the new rater, and turns over a new picture card and a new word card. Play continues as described above.

ENDING AND WINNING THE GAME:

Once every player has had three turns as the rater the game ends. The player with the most scoring chips is the winner.
