Hello Kitty® Crazy 8s

For 2 to 4 players, ages 5 and up

Game

Object:

Be the first player to get rid of your cards.

Contents:

52 game cards

Set Up:

Choose one player to be the dealer. That player shuffles the cards and deals cards, face down, to each player.

If two are playing, each player gets 7 cards. If three or four are playing, each player gets 5 cards.

Place the remaining cards, face down, in the center of the playing area. This is the draw pile. Take the top card of this pile and turn it face up next to the pile. This is the start of the discard pile.

Plaving:

The player to the left of the dealer (clockwise) starts the game by playing a card from his/her hand to the discard pile. The card that is played must match the discard card by either color or by picture/number.

If a player cannot make a match, they take cards from the top of the draw pile until they get a card that they can play. (Players can decide to continue taking cards even if they draw one that they can play.)
Once a player plays a card to the top of the discard pile, the player to the left takes their turn.

Crazy 8s:

Hello Kitty Crazy 8 cards are CRAZY and are used to match ANY card on top of the discard pile. That player must say what color the pile now becomes and the next player must match the color or play another Crazy 8.

Ending and winning the game:

The first player to play all of the cards in their hands wins.

If the draw deck runs out during the game keep the last card played out of the discard deck, shuffle that deck and it now becomes the draw deck.
